## **RALLY REVS IT UP AT WILLOWBANK**

Willowbank Motor Sporting Complex,  
Champions Way,  
Willowbank, Ipswich, Queensland. -

The Brisbane Sporting Car Club is hosting a unique Tarmac Rally Event at the Willowbank Motor Sporting Complex. The event is specifically designed with spectators in mind enabling people to safely get up close to the action and enjoy the excitement of competitive rallying. The rally provides spectators with a great opportunity to see plenty of racing and service park activity with the unique chance to see the cars up close. The 5km course weaves it's way through the Willowbank complex next to the drag strip and through several car parks creating a number of tight corners and hairpins to keep the crowd entertained.

Simon Knowles, the rally coordinator, said, "This year we have changed the course and it will now be entirely run on tarmac." Mr Knowles went on to say that the spectator area is user

friendly and located in a very exciting position. Anyone is welcome to come along and he encourages everyone to bring their family and friends. “Everyone will enjoy a day of action packed Tarmac Rallying.”

Tarmac Rallying always provides an exciting show, however in Queensland, road closures and permit acquisition issues make these events very rare. The Willowbank Tarmac Challenge has provided an ideal solution with great action for spectators and an exciting course for competitors.

The event is to be held on Sunday the 1<sup>st</sup> of March with gates opening at 9am. Admission will be \$5.00 and children under 15 years of age are free. The event will be attracting a variety of teams, and cars of all makes from several clubs in the surrounding districts.

For more information please contact the Brisbane Sporting Car Club on 3846 0233.
